

Now featuring 90 channel, auto-scan UHF wireless systems from **SHURE**

Sound Machine

The difference is clear.™

Weighing only **33 pounds**, the SM-3neo delivers **200 watts**, **127dB SPL** and 6-12 hours of operating time.

Neodymium speakers and **Nickel-Metal Hydride** battery improve efficiency, reduce weight and extend operating time.

'**Talkover**' feature automatically lowers program material when speaking on microphone.

Operates up to a full day on the **internal battery**, or plug it in for continuous use.

Optional **built-in CD/MP3 player** and up to two 90 channel **Shure auto-scan wireless microphones**.

Best warranty in the industry; 6 years on the system, 3 years on the Ni-MH battery.

available with
built-in CD/MP3 player
