

OPT-600 Bluetooth Receiver Users Guide

Operating the Bluetooth Receiver:

1. Turn the SM-5 sound system's main power "on".
2. Turn Bluetooth receiver "on" (set volume to 5) both blue lights will flash when pairing.
3. On your Bluetooth Phone (or other device) choose "Portable PA" in your Bluetooth Devices.
4. When pairing is complete two short beeps will sound and blue lights will remain solid.
5. Bluetooth "AF" green light will flicker based on audio input.
6. We suggest that you set your Bluetooth Phone (or other device) volume at least 80% of total volume.
7. Adjust volume on Bluetooth receiver to desired level.

Troubleshooting:

If your Bluetooth Phone (or other device) is not connecting to the OPT-600:

1. Verify that another device is not already synced to the OPT-600 (blue lights solid).
2. Turn off Sound Machine system.
3. Turn Bluetooth receiver to "off" position (turn counterclockwise until you hear/feel a click).
4. Repeat "Operating the Bluetooth Receiver" above.
